4.000.000		6.100	7.900		7.812	9.000		2.900	3.600
5.000.000		7.749	7.800		G	G		3.678	4.400

- 1) In the empty columns, individual data can be entered
- 2) The values in the table MIN Hours and MAX Hours specify the minimum and maximum values of the processing times in hours based on experience for the entire planning or supervision services for the respective fabrication costs. Source: Inhouse GmbH Wirtschaftskammern Österreich Nov 2005
- 3) There is no data available for this value
